POLICY 610: Human Resources Practices

The Board of Education of School District #49 (Central Coast) recognizes the need to develop and maintain positive attitudes among employees. Recognition that the School District is a good place to live and work is a foundational goal.

To that end, the Board will seek to:

1. Achieve open, non-adversarial approaches to employee relations;
2. Provide safe and comfortable working environments;
3. Recruit and encourage employees who will contribute positively to the District and the communities it serves;
4. Recognize positive accomplishments.
