

## SCHOOL DISTRICT #49 (CENTRAL COAST) Policy Manual

---

---

### **POLICY 750: Liability for Damages**

The Board of Education of the Central Coast School District (49) is committed to providing healthy and well maintained school environments for all students. The Board appreciates the assistance of students and the community who support the District in maintaining this type of environment.

The Board will actively seek recovery of damages incurred by students who through their negligence damage and/or deface school property.

#### Guidelines

1. Damage to school district property by a student will be investigated and a determination will be made by the school administrator if the damage was willful and/or negligence by the student through their act.
2. If the damage was determined to be a willful or negligent act, the cost of the material and labour will be determined by appropriate school district staff.
3. Parents will be billed for the damage of the property, payable to the school district.
4. The payment of the property damage may not be the only consequence for the student's act.
5. The decisions made by school district personnel regarding the assessment of the cause and amount of property damage may be appealed to the board.
