

SCHOOL DISTRICT #49 (CENTRAL COAST)

Policy Manual

POLICY 510: Health Safety and Environmental Awareness

The Board of Education of School District 49 (Central Coast) believes that all operations of the School District must be undertaken with consideration for the health and safety of students and employees.

Concern for the environment, health and safety must not only be stressed in the classroom; it must be modelled through the actions of the Board and all District staff.

The Board of Education will provide qualified First Aid Attendants pursuant to Part 3.16 of the Occupational Health and Safety Regulations.

First Aid attendants are on site to care for injured workers, as well as injury to a student, it is expected that care would be administered to the level of their training.
